FOR KEY TO SPECIALTIES, ABBREVIATIONS, SYMBOLS, ETC., SEE PAGES 6 AND 7; SPECIAL SOCIETIES, SEE PAGE 78

KEY TO SPECIALTIES AND SPECIAL SOCIETIES

A SYMBOL DESIGNATING SPECIALTY IS ENTERED ON REQUEST WHENEVER THE PHYSICIAN IS A MEMBER (1) OF A CONSTITUENT STATE ASSOCIATION, (2) OF A SPECIAL SOCIETY OF WHICH THE MEMBERSHIP IS LISTED IN THE DIRECTORY, OR (3) IS A TEACHER IN A MEDICAL SCHOOL CLASSED "A" OR "B" IN THE RATING OF THE COUNCIL ON MEDICAL EDUCATION AND HOSPITALS. SPECIALTIES ARE INDICATED AS FOLLOWS:

S—Surgery.
Ob—Obstetrics.
G—Gynecology.
ObG—Obstetrics and Gynecology.
Or—Orthopedic Surgery.
Pr—Proctology.
Oph—Ophthalmology.
LR—Laryngology, Rhinology.
ALR—Otology, Laryngology, Rhinology.
OALR—Ophthalmology, Otology, Laryngology, Rhinology.
U—Urology.
D—Dermatology.
Pd—Pediatrics.
N—Neurology.
P—Psychiatry.
NP—Neurology and Psychiatry.
I★—Internal Medicine.
T—Tuberculosis.
Anes—Anesthesia
CP—Clinical Pathology.
R—Roentgenology.
Path—Pathology.
Bact—Bacteriology.
PH★—Public Health.

WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (★) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WTHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN BUT DOES NOT LIMIT HIS PRACTICE TO, THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ON PERSONAL DATA FURNISHED BY THE PHYSICIAN AND IS NOT VERIFIABLE.

SPECIAL SOCIETIES

The special societies are grouped under headings A, B, C, D, E, F and G, pages 78-128. The membership a physician holds in these societies is indicated as follows: Doe, John; Ill.1,'97; I'98; A5, F4—43 N. State St. The A5, F4 signify that Dr. Doe is a member of the American Surgical Association and the Chicago Pathological Society.

Hospital, Surgical Supplies and Equipment

We specialize in equipment and supplies for hospitals, industrial first aid rooms, insurance companies, shipyards, mills, factories, board of health laboratories, and physicians and surgeons and nurses in welfare work and professional practice, and solicit your requests for information along these lines.

Quality and Service have been the great factors in the growth of our business. We do not carry any goods which we cannot guarantee to be the best obtainable. Our stock is so complete, and our organization so trained, that our service is at a high point of efficiency. In addition to these two vital points, our prices are as low as consistent with high quality.

We cover every field of Hospital and Physicians' requirements, and shall be glad to place our services at your disposal. The following is a small and necessarily incomplete list of the various lines which we carry in stock:

Surgical Instruments
Surgical Dressings
Sutures and Ligatures
Invalid Articles: Crutches and Wheel Chairs
Pharmaceuticals and Reagents
Rubber Goods
Enamelware and Glassware
Diagnostic Instruments

Trusses, Elastic Hosiery and Orthopedic Apparatus
Hospital Furniture and Sterilizers
Physicians' Office Furniture
Medical and Nurses' Books

Complete Equipment for Bacteriological and Pathological Laboratories.

MEDICAL PRACTICE LAW OF MASSACHUSETTS

Section 1. ADMINISTRATIVE: There shall be a Board of Registration in medicine consisting of seven persons, residents of this commonwealth, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been for ten years actively employed in the practice of their profession. No member of said board shall belong to the faculty of any medical society. One member thereof shall annually in June be appointed by the governor, with the advice and consent of the council, for a term of 7 years from the first day of July following.

Sec. 2. ORGANIZATION OF BOARD; TERM: Said board shall hold regular meetings on the second Tuesday of March, July and November in each year, and additional meetings at such times and places as it may determine. At the regular meeting in July it shall organize by the choice of a chairman and secretary who shall hold their offices for the term of one year. The secretary shall give a bond to the treasurer and receiver general in the penal sum of five thousand dollars ($5,000), with sufficient sureties to be approved by the governor and council, for the faithful performance of his official duties.

Sec. 3. APPLICATION FOR REGISTRATION; QUALIFICATIONS; REEXAMINATION; REVOCATION: Applications for registration shall be made upon blanks to be furnished by the board, and shall be signed and sworn to by the applicants. Applicants for registration under this Act, who shall furnish the board with satisfactory proof that they are 21 years of age or over, and of good moral character, and that they have received the degree of doctor of medicine, or its equivalent, from a legally chartered medical school having the power to confer degrees in medicine which gives a full four years' course of instruction of not less than thirty-six weeks in each year, shall, upon payment of a fee of twenty dollars ($20), be examined, and if found qualified by four or more members, shall be registered as qualified physicians and shall be entitled to certificates in testimony thereof signed by the chairman and secretary. An applicant who fails to pass an examination satisfactory to the board, and is therefore refused registration, shall be entitled within one year after such refusal to a reexamination at a meeting of the board called for the examination of applicants, without the payment of an additional fee; but two such reexaminations shall exhaust his privilege under his original application. Said board, after hearing, may by unanimous vote revoke any certificate issued by it and cancel the registration of any physician who has been convicted of a felony or of any crime in the practice of his profession, or after hearing may by unanimous vote revoke any certificate issued by it and cancel the registration of any physician, for a period not exceeding one year, who has been shown at such hearing to have been guilty of gross and confirmed use of alcohol in any of its forms while engaged in the practice of his profession, or of the use of narcotic drugs in any way other than for therapeutic purposes; or to have published, or caused to be published or to have distributed, or caused to be distributed any literature contrary to the provisions of Chapter 386 of the acts of the year 1908; or to have acted as principal or assistant in carrying on the practice of medicine by an unregistered person, or by any person who has been convicted of the illegal practice of medicine, or by any registered physician whose license has been revoked either permanently or temporarily, or to have aided or abetted in any attempt to secure registration, either for himself or for another by fraud, or in connection with his practice, to have defrauded or attempted to defraud any person. The board may subsequently, but not earlier than one year thereafter, by a majority vote reissue any certificate formerly issued by it or issue a new certificate, and register anew any physician whose certificate was revoked and whose registration was canceled by the board. All fees received by the board shall, once in each month, be paid by its secretary into the treasury of the commonwealth. No person who, at the time of the passage of this act, is a matriculant in a legally chartered medical school, having the power to confer degrees in medicine, shall be required to take a full four years' course of instruction in a medical school which gives a course of not less than thirty-six weeks in each year.

Sec. 4. COMPENSATION OF BOARD: The secretary of the Board of Registration in Medicine shall receive a salary of twenty-five hundred dollars ($2,500) a year, and other members of said board shall each receive a salary of three hundred dollars ($300) a year.

Sec. 5. RECORDS; ANNUAL REPORTS: The board shall keep a record of the names of all persons registered hereunder, and of all money received and disbursed by it, and a duplicate thereof shall be open to inspection in the office of the secretary of the commonwealth. Said board shall annually, on or before the first day of January, make a report to the governor of the condition of medicine and surgery in this commonwealth, of all its official acts during the preceding year and of its receipts and disbursements.

Sec. 6. INVESTIGATION OF COMPLAINTS: The board shall investigate all complaints of the violation of the provisions of Section 8, and report the same to the proper prosecuting officers.

Sec. 7. EXAMINATIONS; SUBJECTS: Examinations shall be wholly or in part in writing in the English language, and shall be of a scientific and practical character. They shall include the subjects of anatomy, surgery, physiology, pathology, obstetrics, gynecology, practice of medicine and hygiene, and shall be sufficiently thorough to test the applicant's fitness to practice medicine.

Sec. 8. PRACTITIONERS NOT REGISTERED; PROSECUTION: Whoever, not being lawfully authorized to practice medicine within this commonwealth and registered as aforesaid, holds himself out as a practitioner of medicine, or practices or attempts to practice medicine in any of its branches, or whoever practices medicine or surgery under a false or assumed name, or under a name other than that by which he is registered, or whoever personates another practitioner of a like or different name, or whoever practices or attempts to practice any fraud in connection with the filing of an application, or whoever files an application under a false or assumed name, or under a name other than his own, or whoever personates or attempts to personate another applicant for registration, during an examination, shall, for each offense, be punished by a fine of not less than one hundred nor more than five hundred dollars, or by imprisonment for three months, or by both such fine and imprisonment. In a case in which a provision of this or the preceding section has been violated, the person who committed the violation shall not recover compensation for services rendered.

Sec. 9. TO WHOM NOT APPLIED: The provisions of the eight preceding sections shall not be held to discriminate against any particular school or system of medicine, to prohibit medical or surgical service in a case of emergency, or to prohibit the domestic administration of family remedies. They shall not apply to a commissioned medical officer of the United States Army, Navy or Public Health Service in the performance of his official duty; to a physician or surgeon from another state who is a legal practitioner in the state in which he resides, when in actual consultation with a legal practitioner of this commonwealth; to a physician or surgeon residing in another state and legally qualified to practice therein, whose general practice extends into the border towns of this commonwealth, if such physician does not open an office or designate a place in such towns where he may meet patients or receive calls; to a physician authorized to practice medicine in another state, when he is called as the family physician to attend a person temporarily abiding in this commonwealth; nor to registered pharmacists in prescribing gratuitously, pharmacists, clairvoyants, or persons practicing hypnotism, magnetic healing, mind cure, massage, Christian Science or cosmopathic method of healing, if they do not violate any of the provisions of Section 8.

Sec. 9A. No person shall enter upon, or continue in, the practice of medicine within this commonwealth until he shall have presented his certificate of registration as a physician in this commonwealth, to the city or town clerk of the city or town where he has, or intends to have, an office or his usual place of business, and shall at the time of such presentation of said certificate, pay to the said city or town clerk a fee of twenty-five cents; and in a like manner, any physician residing in another state and legally qualified to practice therein, whose general practice extends into the border cities or towns of this commonwealth, and who is exempt from registration in this commonwealth under the provisions of Section 9 of Chapter 76 of the Revised Laws, shall present his certificate of registration from the state in which he is registered to the city or town clerk of the border cities or towns in this commonwealth to which his practice extends. Upon receipt of a fee of twenty-five cents from the owner of a certificate, as herein provided, it shall be the duty of said city or town clerk to record the name of the owner of said certificate, together with the date of record, upon blanks approved by the Board of Registration in Medicine, said blanks to be so arranged that a duplicate carbon copy shall be made at the time of the original record. The said city or town clerk shall keep the original record, which shall be open to inspection by the public, as a part of the records of his office, and shall, within twenty-four hours after making the same,

forward the duplicate record to the office of the Board of Registration in Medicine. Whoever practices or attempts to practice medicine in this commonwealth before submitting his certificate of registration to a city or town clerk as herein provided, or whoever submits to a city or town clerk a false or fraudulent certificate shall, for each offense, be punished by a fine of not less than five nor more than one hundred dollars; and any clerk of a city or town who refuses or neglects to comply with the provisions of this section shall, for each offense, be punished by a fine of not less than five nor more than ten dollars. (Approved March 10, 1917.)

Law Relative to the Practice of Osteopathy.
Chapter 526, Acts of 1909.
Approved June 19, 1909.

Section 1. OSTEOPATHY: Any person who was actively engaged in the practice of osteopathy in this commonwealth prior to the first day of January, 1909, and who shall present to the Board of Registration in Medicine satisfactory evidence that he is 21 years of age and of good moral character, and that he is a graduate in good standing of, and holds a diploma from, a regularly conducted school or college of osteopathy within the United States, which at the time of his graduation required a course of study twenty months or longer, including the subjects of anatomy, physiology, pathology, hygiene, chemistry, gynecology, diagnosis and theory and the practice of osteopathy, with an actual attendance of not less than twenty months, or who has practiced osteopathy in this commonwealth for the four years prior to the passage of this Act, which fact shall be set forth in an affidavit, shall upon application on a blank furnished by said board, signed and sworn to by the applicant, and upon payment of a fee of ten dollars, be registered as an osteopath, and a certificate in testimony thereof shall be given to him, signed by the chairman and secretary of said board; provided, that such application shall be made on or before the 30th day of September, 1909, after which date all action under this section shall cease.

Sec. 2. EXAMINATION: Any person who is 21 years of age and of good moral character, and who shall have been actually engaged in the practice of osteopathy in this commonwealth prior to the 1st day of January, 1909, may, upon the payment of a fee of ten dollars, make application to said board to be examined in the subjects named in Section 1; Provided, that such application is made on or before Sept. 30, 1909. If, upon such examination by said board, the applicant shall be found qualified, he shall be registered as an osteopath and shall be entitled to the certificate provided for in Section 1. An applicant who fails to pass an examination satisfactory to said board, and who is therefore refused registration, shall be entitled, within six months after such refusal, to a reexamination without the payment of an additional fee.

Sec. 3. LIMITING PRACTICE: Persons registering hereunder shall not be permitted to prescribe or administer drugs for internal use, or to perform major operations in surgery, or to engage in the practice of obstetrics, or to hold themselves out, by virtue of such registration, as and for other than osteopaths.

Sec. 4. PENALTIES: Any person registered under this Act who shall violate any provisions of the preceding section shall be subject to the penalties imposed upon unlicensed practitioners by Section 8 of Chapter 76 of the Revised Laws.

Sec. 5. DEFINITION: The terms "osteopathy" and "osteopathic," as used in this Act or in relation to the registration and practice of osteopathic physicians, shall have the same legal construction and meaning as the terms "medicine" and "medical" as used in Chapter 76 of the Revised Laws and in acts in amendment thereof, where such construction and meaning shall not be inconsistent with the provisions of Section 3 of this Act.

Larosan "Roche"

CASEIN-CALCIUM

DIETETIC REMEDY
FOR
NUTRITIONAL DISTURBANCES
ESPECIALLY THE
DIARRHEAL DISEASES OF INFANTS AND CHILDREN

MAKES THE PREPARATION OF A PERFECT ALBUMIN-MILK A MATTER OF A FEW MINUTES

Reprints and abstracts of Medical articles on application

The Hoffmann-La Roche Chemical Works, New York.

The following "Roche" specialties have been added since 1915 to those already described in "New and Nonofficial Remedies":

PANTOPON ROCHE (Pantopium Hydrochloricum)—It "produces essentially the effects of opium, but, being devoid of its extractives, it may be used for hypodermic administration. It is probably absorbed rather more promptly, and is free from the nauseant odor and taste of the ordinary opium preparations. It is used in the same conditions as those in which opium is indicated." (*Journal A.M.A., Sept. 4, 1915.*)

LAROSAN ROCHE (Casein-Calcium)—Indicated in diarrheas of infants and children and in disturbances of nutrition. (*Journal A.M.A., Sept. 4, 1915.*)

SCOPOLAMINE STABLE ROCHE—Ampuls, a solution of pure Scopolamine absolutely protected against decomposition, according to Prof. Straub of Freiburg. (*Journal A. M. A., Sept. 25, 1915.*)

PAPAVERINE SULPHATE ROCHE—Ampuls.

PAPAVERINE HYDROCHLORIDE ROCHE, Powder and Tablets—An opium alkaloid of low toxicity; effective in hypertonic conditions, of which neither tolerance nor habituation has been reported. (*Journal A.M.A., May 29, 1915.*)

IMIDO ROCHE (Histamine Hydrochloride)—A powerful vaso-constrictor used generally as a standard for pituitary extracts. (*Journal A.M.A., Oct. 16, 1915.*)

THIOCOL ROCHE, Tablets, Syrup and Powder—A soluble derivative of guaiacol, of which it contains 52 per cent. It is useful in the treatment of diseases of the respiratory tract, incipient tuberculosis and subacute diarrheas. (*Journal A.M.A., Sept. 15, 1917.*)

TYRAMINE ROCHE—Taken internally or injected subcutaneously. Tyramine increases the blood-pressure. (*Journal A.M.A., Dec. 1, 1917.*)

An Act

To provide for the examination, regulation, licensing and registration of physicians and surgeons, and for the punishment of offenders against this Act, and to repeal acts and parts of acts in conflict therewith.

The people of the state of Michigan enact:

Section 1. BOARD OF REGISTRATION; APPOINTMENT; QUALIFICATION: That the governor shall appoint, by and with the advice and consent of the senate, ten resident electors of the state, who shall constitute a Board of Registration in Medicine. Not more than five of the persons so appointed shall be from the school of medicine known as regular; not more than two persons so appointed shall be from the school of medicine known as homeopathic; not more than two of the persons so appointed shall be from the school of medicine known as eclectic; and not more than one of the persons so appointed shall be from the school of medicine known as physiomedical, and the governor may select such appointees from the latest list filed in the office of the secretary of state at Lansing by each of the four legally incorporated state medical societies of the schools of medicine as herein mentioned aforesaid, such lists to be certified to under oath of the president and secretary of each society, respectively, and such lists to contain at least treble the number of names as each society has representatives on the board. But in the event that one or more of the societies above named, through their presidents or secretaries, shall from any cause neglect, omit or refuse to file as aforesaid, such lists or list, then and in that case the governor shall appoint or fill the vacancies in said board without reference to such list or lists which the aforesaid society or societies have for any cause neglected, omitted or refused to file with the secretary of state, as herein mentioned aforesaid; but the number of representatives from each of the schools of medicine shall be the same as provided for in this Act. All persons so appointed shall be legally registered physicians of this state, shall be graduates in good standing of reputable colleges, and shall have been actively engaged in the practice of medicine in this state for at least six years immediately preceding the time of such appointment. The ten persons so appointed shall be appointed in two classes, each class to consist of five persons. The first class shall consist of those physicians appointed by the governor under Act No. 237, laws of 1899, October 1, A. D. 1901, who shall serve during the time for which they were so appointed, namely: To Oct. 1, 1905; and the second class shall be appointed to hold office for four years beginning with the first day of October of the present year, and both classes shall hold office until their successors are appointed; and thereafter the governor shall appoint, before the first day of October of each biennial period, five persons qualified as aforesaid, in each class, to hold office for four years from the first day of October next ensuing. No member of said board shall belong to the faculty of any medical college or university. The governor shall also fill vacancies occasioned by death or otherwise, and may remove any member for the continued neglect of duties required by this Act. Vacancies in said board shall be filed in accordance with the provisions of this Act for the establishment of the original board, and a person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. The business of said board shall be transacted by and receive the concurrent vote of from at least seven members.

Sec. 2. MEETINGS; OFFICERS: The members of said board shall meet on the second Tuesday of October, 1899, at the state capitol at Lansing, and shall then elect a president from their own number, and a secretary who need not be of their number, but each of whom shall hold their respective offices for two years and shall have the power to administer oaths. Not less than seven members shall constitute a quorum of said board for transaction of business. The secretary shall give to the treasurer of the state a bond in the penal sum of five thousand dollars ($5,000), with sufficient sureties, to be approved by the governor, for the faithful discharge of his duties. The said board shall hold two regular meetings in each year, beginning with the year 1899; one on the second Tuesday of October, 1899, and one on the second Tuesday of June, 1900, and so on, and such additional meetings at such times and places as it may determine.

Sec. 3. APPLICANTS FOR REGISTRY: On and after the date of the taking effect of this Act, all men and women who are not already legally registered under Act No. 237 of the Public Acts of 1899, and acts amendatory thereto, and who wish to begin the practice of medicine, surgery and midwifery in any of its branches in this state, shall make application to the Board of Registration in Medicine, to be registered and for a certificate of registration. The registration and certificate shall be granted to such applicants as shall furnish satisfactory proofs of being at least 21 years of age, and of good moral and professional character, but only upon compliance with the following conditions contained in one or either of subdivisions one and two of this section:

First. EXAMINATIONS: The applicant shall be registered and given a certificate of registration if he or she shall satisfactorily pass an examination under the immediate authority and direction of the board upon the following subjects; anatomy, histology and embryology, physiology, chemistry and toxicology, bacteriology, pathology, diagnosis, hygiene and public health, medical jurisprudence, diseases of the eye, ear, nose and throat, obstetrics, gynecology and surgery, and such additional subjects made necessary by advances in medical education as the board may designate, said examination to be conducted as follows:

(a) The examination may be taken as a whole in all of the subjects as aforesaid, and shall be designated as the primary-final examination, or said examination may be divided into a primary examination upon the subjects of anatomy, histology and embryology, physiology, chemistry and toxicology and bacteriology, and a final examination upon the remaining subjects as aforesaid, not included in the primary examination.

(b) The applicant shall file with the secretary of the board, at least one week prior to an examination, an approved application, through a blank furnished by the board, covering the detail of his or her personal history, and preliminary and medical education, and such other evidence of qualification as the board may require.

(c) The board may make such rules and regulations governing the conduct of the examination as it shall deem necessary, and wilful violation of such rules and regulations shall subject the applicant to the loss of the examination and fee.

(d) The examination shall be made as practical as possible in order to test the applicant's qualifications as a practitioner of medicine, the method of which shall be in accordance with the board's best judgment, and may be a written, clinical, laboratory or oral examination, or a combination of two or more of the above methods.

(e) An average percentage of at least 75 per cent. of correct answers on all the subjects listed under this section, and of not less than 50 per cent. on each subject, shall be required of every applicant: Provided, that in the case of a qualified applicant who has been in reputable and legal practice at least five years, at the discretion of the board, this requirement of minimum percentage may be modified by the board to meet the necessities of the individual case. An accepted applicant for the primary-final examination, or for the final examination, as noted in subdivision one (a) of this section, shall have a diploma from a legally incorporated, regularly established and recognized college of medicine within the states, territories, districts and provinces of the United States, or within any foreign country, having as a minimum requirement a four years' course of eight months in each calendar year: Provided, that such applicant shall have, prior to the beginning of his or her course in medicine, or registration or matriculation in a recognized medical college, as a minimum requirement, a diploma from a recognized and reputable high school, academy, college or university, having a classical course, or an equivalent credential, or shall pass an examination equivalent at least to the minimum standard of preliminary education adopted and published by the board before a board of preliminary examiners appointed by and in accordance with the regulations of aforesaid board, and at such time and place as the board may designate. The applicant shall pay to such board of preliminary examiners a fee of five dollars ($5) prior to examination: Provided, a student entering a college in Michigan, having a preliminary examination of a standard approved by the Board of Registration in Medicine, shall not be required to take this examination: Provided, that this requirement of preliminary education shall not apply to those students who on the 14th day of October, 1903, were regularly registered as students of legally organized and recognized medical colleges, but that the standard of preliminary education shall equal at least the minimum standard in force in this state at the date of aforesaid registration of students: And provided also, that a higher requirement of medical education shall not apply to those graduates of legally organized and recognized medical colleges who had graduated from such colleges prior to the date of the passage of Act No. 191 of the Public Acts of 1903, but that the standard of medical education shall equal at least the minimum standard in force in this state at the date of graduation. Students of medicine in regular attendance at a recognized medical college and endorsed by said board as having fulfilled the legal requirements of the state for entrance to, or matricula-

tion in, recognized medical colleges, and who have completed, in accordance with the board's adopted minimum standard of medical education, in such recognized medical college, through attendance and examination, and not prior to the termination of the second year in such institution, among others the subjects of anatomy, histology and embryology, physiology, chemistry and toxicology, and bacteriology, shall have the right to a primary examination, as recorded under subdivision one (a) of this section, upon prescribed subjects, said examination to be held at such times and places as may be determined by the board, and to receive from the board a certificate showing the credits received in the several subjects upon which an examination shall have been had as aforesaid, and such credits obtained shall at the election of the student, be included in and form a part of the examination heretofore called the final examination under subdivision one (a) of this section: Provided, that subsequent to graduation from a recognized medical college, in said final examination for a certificate of registration the applicant shall, if presenting said credits to the board at the time of his or her application for examination, be examined only in those remaining subjects prescribed under subdivision first of this section and which have not been listed as subjects of aforesaid primary examination. The applicant shall pay to the board a fee of twenty-five dollars ($25) prior to the examination, divided as follows: ten dollars ($10) for the primary examination and fifteen dollars ($15) for the final examination. If such examinations are taken together, or as a whole, the fee shall be twenty-five dollars ($25) for such primary-final examination. No additional fee for registration shall be charged to those who successfully pass the examinations. The board shall, in the recognition of medical colleges, in its discretion, list such colleges in three or more classes or groups: Group one including those colleges which fulfil the advanced requirements of this Act and which maintain the board's standard of preliminary and medical education; group two including those colleges which have fulfilled the standard of medical education demanded by this state at the date of the diploma; and group three including those colleges whose courses are recognized only for advanced standing in recognized colleges listed under group one: Provided, that a diploma issued by a medical college listed by the board in one or more of the groups or classes as aforesaid shall be recognized as a qualification under this Act, in the event only of its representing the actual standards of preliminary and medical education within the provisions of this Act. The Board of Registration in Medicine shall, from time to time adopt minimum standards of preliminary and medical education, and no high school, academy, college, university or medical college, or other institution or board, shall be approved and designated or its diploma or certificate be recognized by said board under subdivision one of Section 3 of this Act, unless, in the judgment of the board, it conforms with such standard.

Second. RECIPROCITY: The applicant may, at the discretion of the board, be registered and given a certificate of registration if he or she shall present satisfactory proof of the possession of a certificate of registration or license which has been issued to said applicant within the states, territories, districts or provinces of the United States, or within any foreign country, where the requirements for the registration of said application at the date of his or her license shall be deemed by said Board of Registration in Medicine to be equivalent to those of this Act. The fee for registration from applicants of this class shall be fifty dollars ($50), and for the endorsement of a certificate to another state five dollars ($5).

Third. NON-MEDICAL REGISTRATION: The board is authorized to issue a license or certificate of registration to any person who desires to practice a system of treatment of human ailments or diseases, and who does not in such treatment use drugs or medicines, internally or externally, or who does not practice surgery or midwifery, under the provisions of this Act; provided, that the applicant for such license or certificate of registration shall have an accredited diploma from a high school, academy, college or university, or an equivalent credential, or shall pass an examination before the Board of Preliminary Examiners, such examination to be equivalent to a recognized high school diploma, as provided in subdivision one of this section and shall pass an examination before the board upon the following subjects: anatomy, histology and embryology, physiology, chemistry, bacteriology, pathology, diagnosis, hygiene and public health. This examination shall be concurrent with and equivalent to the examination provided for practitioners of medicine under Section 3, subdivision one, of this Act, and shall be in harmony with the provisions of this section and subdivision covering such examination in the subjects as above specified: Provided, however, that such examination shall be a continuous one and not subject to a division into a primary and a final examination. The fee for such examination shall be fifteen dollars ($15) A practitioner under this subdivision shall not be permitted to use in any form the title of "doctor" or "professor" or any of their abbreviations, or any other sign or appellation to his or her name which would in any way designate him or her as a physician or surgeon, qualified under the provisions of Section 3, subdivisions one and two of this Act, or in violation of the provisions of this Act. All persons granted a certificate of registration or license under the provisions of this subdivision three, shall also conform to the provisions of Act No. 237 of the Public Acts of 1899, and acts amendatory thereto, except as provided in this subdivision.

Fourth. FRAUDULENT REGISTRY: If any person shall unlawfully obtain and procure himself or herself to be registered under this section, whether by false and untrue statements contained in his application to the Board of Registration in Medicine, or by presenting to said board a false or untrue diploma, certificate or license, or one fraudulently obtained, he shall be deemed guilty of a felony, and upon conviction thereof shall be punished by a fine of not less than three hundred dollars ($300) nor more than five hundred dollars ($500) or by imprisonment at hard labor for not less than one (1) year nor more than three (3) years, or both, at the discretion of the court, and shall forfeit all rights and privileges obtained or conferred upon him by virtue of such registration.

Fifth. PERJURY: Any person who shall swear falsely in any affidavit or oral testimony made or given by virtue of the provisions of this Act, or the regulations of the Board of Registration in Medicine, shall be deemed guilty of perjury, and upon conviction thereof, shall be subject to all the pains and penalties of perjury.

Sixth. UNPROFESSIONAL CONDUCT: The Board of Registration in Medicine may refuse to issue or continue a certificate of registration or license provided for in this section, to any person guilty of grossly unprofessional and dishonest conduct. The words "unprofessional and dishonest conduct," as used in this Act, are hereby declared to mean:

(a) The procuring, aiding or abetting in procuring a criminal abortion;

(b) The obtaining of any fee on the assurance that an incurable disease can be permanently cured;

(c) The wilfully betraying of a professional secret;

(d) All advertising of medical business in which grossly improbable statements are made, or, where specific mention is made in such advertisements of venereal diseases or diseases of the genito-urinary organs;

(e) Having professional connection with, or lending one's name to an illegal practitioner of medicine; or having professional connection with any person or any firm or corporation who advertises contrary to the provisions of this section, or with any person who has been convicted in a court of competent jurisdiction under the provisions of this section;

(f) All advertising, of any nature or kind, of any medicine, or of any means for the regulation or reestablishment of the menses;

(g) All advertising of any matter of an obscene or offensive nature derogatory to good morals or contrary to Act No. 62 of the Public Acts of 1911; (see end of law)

(h) Employing or being employed by any capper, solicitor or drummer for the purpose of securing patients; or subsidizing any hotel or boarding house with a like purpose, or paying or offering to any person, money or any other thing of value with a like purpose, or advertising to do so in any form whatsoever; or the division of fees in a consultation or a reference of a patient to a specialist, when no actual professional service is rendered by the physician referring the case, without the knowledge of the patient or the person concerned in the payment thereof;

(i) Being guilty of offenses involving moral turpitude, habitual intemperance, or being habitually addicted to the use of morphin, opium, cocain, or other drugs having a similar effect; or of prescribing or giving away any substance or compound containing alcohol or drug for other than legal and legitimate therapeutic purposes.

Seventh. PENALTIES; REVOCATION OF LICENSE: It shall be a misdemeanor for any person to be guilty of "unprofessional and dishonest conduct" as defined in this Act. Any person who has been issued a certificate of registration or license under this Act, and who shall be charged with the commission of such misdemeanor, shall be tried in a court of competent criminal jurisdiction, and upon conviction thereof shall be fined for each offense not to exceed two hundred and fifty dollars ($250), or shall be imprisoned in the county jail not to exceed three (3) months, or may be both fined and imprisoned, in the discretion of the court. The creation of such misdemeanor by this Act shall not be construed to supersede any existing remedy or punishment, whether civil or criminal, for any act embraced within the provisions of this Act, but shall be construed to be in addition thereto.

The Board of Registration in Medicine may, upon the filing with it of a duly certified copy of a final conviction obtained in accordance with the provisions of this Act, revoke or suspend for a limited period, not less than six months, the certificate or license of the person so convicted. The said Board of Registration in Medicine may also revoke any certificate of registration or license of any person guilty of a criminal offense created by or embraced within the provisions of this Act or within the provisions of any state, provincial, territorial or federal act in the United States or in foreign countries, when such criminal offense or such fraud or perjury shall have been legally established in a court of competent jurisdiction. Said board may also revoke any certificate of registration or license heretofore or hereafter granted upon mistake of material fact or by reason of fraudulent misrepresentation of fact by such applicant. Any person charged with a violation of the provisions of this subdivision seven of Section 3 shall have a fair hearing before the board upon sufficient notice of such hearing: Provided, that this section shall not apply to such forms of contract practice as are from time to time endorsed by the board.

Sec. 4. RECORDING CERTIFICATE: The person receiving a certificate of registration shall file the same, or a certified copy thereof, with the county clerk in the county where he resides, and said clerk shall file said certificate or the certified copy thereof and enter a proper memorandum thereof in a book to be provided and kept for that purpose, and may collect therefor a fee of fifty cents for each certificate or copy thus filed. And said county clerk shall, on the first day of each month, furnish to the secretary of said board a list of all certificates filed in

his office during the preceding month on a blank provided for that purpose, and upon notice to him of the change of location or death of a person granted a certificate, or upon the revocation of the certificate granted such person, said county clerk shall enter at the appropriate places in the record so kept by him a memorandum of said facts; so that the record so kept by said county clerk shall correspond with the records of said board, so kept by the secretary thereof. In case a person having thus filed a certificate shall move into another county of the state, he shall procure from said county clerk a certified copy of said certificate, and file the same with the said county clerk of the county to which he shall so remove. Said county clerk shall file and enter the same with like effect, as if the same was the original certificate.

Sec. 5. FEES: All moneys received by said board shall be paid to the state treasurer monthly, and shall be credited to the general fund of the state, and a receipt for the same shall be filed by the secretary of the said board in the office of the auditor general. The incidental and traveling expenses of said board, and such salary to the secretary as said board may fix, shall be paid from such fund only. The members of said board, except the secretary, shall receive no compensation for their services except necessary traveling and hotel expenses in attending meetings of said board; and in no case shall any more be paid than was actually expended. Such incidental and traveling expenses shall be approved by said board and sent to the auditor general of the state, who shall draw his warrant upon the state treasurer for the amounts due, as in case of other bills and accounts under the provisions of law; provided, that the amount so paid shall not exceed the amount received by the treasurer of the state from said board in fees, as herein specified, and as much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of said board as aforesaid.

Sec. 6. REPORTS: Said board shall collect from the various county clerks of the state, each month, a report of all registrations made. Said board shall also keep a record of all moneys received and disbursed by it each month, and said record shall always be open to inspection at the office of the secretary of state. Said board shall annually report to the governor, on or before the first day of January of each year, the condition of medicine and surgery in this state, which report shall contain a full and complete record of all its official acts during the year, and shall also contain a statement of its receipts and disbursements.

Sec. 7. PRACTICE WITHOUT CERTIFICATE: Any person who shall practice medicine or surgery in this state, or who shall advertise in any form or hold himself or herself out to the public as being able to treat, cure or alleviate human ailments or diseases, and who is not the lawful possessor of a certificate of registration or license issued under and pursuant to Act No. 237 of the Public Acts of 1899, or acts amendatory thereto or without first complying with the provisions of this Act, except as heretofore provided in Section 3 of this Act, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than two hundred dollars ($200), or by imprisonment in the county jail for a period of not more than six (6) months, or by both such fine and imprisonment, in the discretion of the court for each offense. It shall be the duty of the prosecuting attorneys of the counties of this state to prosecute violations of the provisions of this Act.

Sec. 8. EXEMPTIONS: This Act shall not apply to the commissioned surgeons of the United States Army, Navy or Public Health Service in actual performance of their official duties, nor to regularly licensed physicians and surgeons from out of this state, in actual consultation with physicians and surgeons of this state, nor to dentists, in the legitimate practice of their profession, nor to temporary assistance in cases of emergency, nor to the domestic administration of family remedies, nor to osteopaths practicing under the provisions of Act No. 162 of the Public Acts of 1903, nor to optometrists registered under Act No. 71 of the Public Acts of 1909, nor to chiropodists who confine their practice to chiropody and who do not use the title of "doctor" or "professor" or any of their abbreviations, or any other prefix or affix in a medical sense to their names, nor to persons who confine their ministration to the sick or afflicted to prayer and without the use of material remedies.

Sec. 9. DEFINITION OF MEDICAL PRACTICE: Any person who shall append the letters "M.D." or "M.B." or other letters in a medical sense, or shall prefix the title "doctor" or its abbreviation, or any sign or appellation in a medical sense, to his or her name, it shall be prima facie evidence of practicing medicine within the meaning of this Act. In this Act, unless otherwise provided, the term "practice of medicine" shall mean the actual diagnosing, curing or relieving in any degree, or professing or attempting to diagnose, treat, cure or relieve any human disease, ailment, defect or complaint, whether of physical or mental origin, by attendance or by advice, or by prescribing or furnishing any drug, medicine, appliance, manipulation or method, or by any therapeutic agent whatsoever.

Sec. 10. REPORTS BY ASSESSORS: It shall be the duty of the assessing officer at the time of making the annual assessment to make out a list of physicians residing within his township, village, district, ward or city, with the name, age and sex of each, and the length of time each has been engaged in practice. Such list shall be returned by the assessing officer to the county clerk, and by the county clerk recorded in a book in which are kept the records of the board, and annually on or before the first day of January such clerks shall furnish certified lists of the same to the secretary of this board.

Sec. 11. REPEALING FORMER ACTS: An act entitled "An act to promote public health," approved June 6, 1883, and the act amendatory thereto, approved June 27, 1887, except as to all penalties which shall have accrued thereunder, are hereby repealed.

Approved May 4, 1913.

Act No. 62, Public Acts of 1911

An Act to prohibit certain classes of immoral advertising and provide punishment for violators thereof.

The People of the State of Michigan enact:

Section 1. Any person who shall advertise in his own name or the name of another person, firm or pretended firm, association, corporation or pretended corporation, in any newspaper, pamphlet, circular, periodical or other written or printed paper, or the owner publisher or manager of any newspaper or periodical who shall permit to be published or inserted in any newspaper or periodical owned or controlled by him, an advertisement of the treating or curing of venereal diseases, the restoration of "Lost manhood" or "Lost vitality or vigor," or shall advertise in any manner that he is a specialist in diseases of the sexual organs, or diseases caused by sexual vice, self-abuse, or in any diseases of like cause, or shall advertise in any manner any medicine, drug compound, appliance or any means whatever whereby sexual diseases of men or women may be cured or relieved, or miscarriage or abortion produced, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or both in the discretion of the court.

Sec. 2. Any person publishing, distributing or causing to be distributed or circulated any of the advertising matter hereinbefore described, either in newspaper or other printed or written forms, shall be guilty of a misdemeanor as noted in Section 1 and punished as therein described: Provided, That this act shall not be construed as creating a penalty in addition to that specified in Act No. 237 of the Public Acts of 1899, as amended by Act No. 164 of the Public Acts of 1907, for the acts made unlawful therein.

Sec. 3. It is further enacted that any advertisement found in any newspaper, pamphlet or circular containing the words "Lost manhood," "Lost vitality or vigor," or other expressions synonymous therewith, shall be prima facie evidence of the guilt of the party or parties subscribing to said advertisements, their agents or representatives, and the same penalties shall apply to the publishers of papers containing the same as prescribed in Section 1.

Approved April 12, 1911.

FOR KEY TO SPECIALTIES, ABBREVIATIONS, SYMBOLS, ETC, SEE PAGES 6 AND 7; SPECIAL SOCIETIES, SEE PAGE 78

KEY TO SPECIALTIES

A SYMBOL DESIGNATING SPECIALTY IS ENTERED ON REQUEST WHENEVER THE PHYSICIAN IS A MEMBER (1) OF A CONSTITUENT STATE ASSOCIATION, (2) OF A SPECIAL SOCIETY OF WHICH THE MEMBERSHIP IS LISTED IN THE DIRECTORY, OR (3) IS A TEACHER IN A MEDICAL SCHOOL CLASSED "A" OR "B" IN THE RATING OF THE COUNCIL ON MEDICAL EDUCATION AND HOSPITALS. SPECIALTIES ARE INDICATED AS FOLLOWS:

S—Surgery.
Ob—Obstetrics.
G—Gynecology.
ObG—Obstetrics and Gynecology.
Or—Orthopedic Surgery.
Pr—Proctology.
Oph—Ophthalmology.
LR—Laryngology, Rhinology.
ALR—Otology, Laryngology, Rhinology.
OALR—Ophthalmology, Otology, Laryngology, Rhinology.
U—Urology.
D—Dermatology.
Pd—Pediatrics.
N—Neurology.
P—Psychiatry.
NP—Neurology and Psychiatry.
I★—Internal Medicine.
T—Tuberculosis.
Anes—Anesthesia.
CP—Clinical Pathology.
R—Roentgenology.
Path—Pathology.
Bact—Bacteriology.
PH★—Public Health.

WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (★) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WTHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN BUT DOES NOT LIMIT HIS PRACTICE TO, THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ON PERSONAL DATA FURNISHED BY THE PHYSICIAN AND IS NOT VERIFIABLE.

KEY TO ABBREVIATIONS, SYMBOLS, ETC.

Names in CAPITALS signify membership in the American Medical Association through membership in constituent state and component county organizations (DOE, JOHN).

(H), (E), (P-M) Indicate, respectively, homeopath, eclectic, physio-medic.

b'75 Indicates year of birth.

Md.7,'09, college and year of graduation. For Medical College Key Table see inside front cover pages.

l'89 Indicates year of license in state where located.

⊕ Indicates Fellowship in the American Med. Assn. (DOE, JOHN ⊕). Commissioned medical officers of the Federal Government, while on active service, are Fellows of the American Medical Association.

A1,3, B6, C4 Membership in special societies. (See Key Table, page 7.)

U.S.A. United States Army.

U.S.N. United States Navy.

U.S.P.H.S. United States Public Health Service.

College positions held are indicated by abbreviated title of position followed by key number of college.

◊ Information received does not show graduation from a medical college.

△ Graduates of institutions not listed as medical colleges by the Council on Medical Education and Hospitals of the American Medical Association.

l† Licensed in state where located but year not known.

(‡) Information received does not show license in state where located.

(ŏ) In practice in state where located before passage of present law and licensed by filing diploma or by years of practice.

KEY TO SPECIAL SOCIETIES

The special societies are grouped under headings A, B, C, D, E, F and G, pages 78-128. The membership a physician holds in these societies is indicated as follows: Doe, John; Ill.1,'97; l'98; A5, F4—43 N. State St. The A5, F4 signify that Dr. Doe is a member of the American Surgical Association and the Chicago Pathological Society.

A—Surgery, Gynecology, Obstetrics and Anesthesia—Page 78

1. American Association of Obstetricians and Gynecologists.
2. American Gynecological Society.
3. American Orthopedic Association.

MEAD JOHNSON & CO. MEAD'S D-M DEXTRI-MALTOSE EVANSVILLE, IND.

Infant Feeding *Diet Materials*

Our Reputation Is In Your Hands

THERE ARE THOSE THAT KNOW AND
THOSE THAT ARE WILLING TO KNOW
WHAT MEAD'S DEXTRI-MALTOSE, COW'S MILK AND
WATER WILL DO FOR THEIR INFANT FEEDING CASES

Perhaps you too would like to have us send you this literature:

"Prescription Blanks"	Very handy for the doctor in writing formulas. [No advertising.]
"Slide Feeding Scale"	For selecting a formula in the least possible time.
"Key for Modifying Cow's Milk"	A method of figuring formula with pencil and paper.
"Very Young Infants"	For infants from one to two weeks old. [No advertising.]
"Diets for Older Children"	For the child from eight months to three years. [No advertising.]
"Food Salts in Infant Feeding"	Explaining the salts of mother's milk and the use of salts in constipation and diarrhoeas.
"Instructions for Expectant Mothers"	For the doctor. Prevents mother from forgetting his instructions before and after baby comes. No advertising and no mention of foods or DEXTRI-MALTOSE.
"Diets for Nursing Mothers"	Encourages mothers to nurse their babies. [No advertising.]

YOUR CONFIDENCE IN US IS NEVER MISPLACED

MEAD JOHNSON & CO.
EVANSVILLE, IND. U.S.A.

THE MEAD JOHNSON POLICY
MEAD'S DEXTRI-MALTOSE IS ADVERTISED ONLY TO THE MEDICAL PROFESSION. NO FEEDING DIRECTIONS ACCOMPANY TRADE PACKAGES. INFORMATION REGARDING ITS USE REACHES THE MOTHER ONLY BY WRITTEN INSTRUCTIONS FROM HER DOCTOR ON HIS OWN PRIVATE PRESCRIPTION BLANK.

FOR DIET CONTROL IN INFANT FEEDING

MEAD'S DEXTRI-MALTOSE No. 1

For general use in infant feeding. Especially indicated in the diet of infants recovering from diarrhoea, infants with feeble powers of digestion who have tendencies to diarrhoea. A valuable addition to Protein Milk.

Maltose	52%
Dextrin	41%
Sodium Chloride	2%
Moisture	5%

The choice of these dependable products affords the physician convenient means of selecting food mixtures suited to the individual requirements of individual cases.

"There is no such thing as a normal baby whose digestive powers and nutritive requirements conform to any standard."

Each baby must be considered individually.

MEAD'S DEXTRI-MALTOSE No. 3

For use in the diet of constipated infants, when boiled feedings are used or where the addition of potassium to the infant's diet is indicated.

Maltose	52%
Dextrin	41%
Potassium Carbonate	2%
Moisture	5%

These diet materials used by pediatricians generally and by a host of family practitioners are made for physicians' use only.

Further information regarding these products furnished physicians on request.

MEAD'S DRY MALT SOUP STOCK

For difficult feeding cases. Indicated in marasmus, weight disturbance (failure to gain), infants afflicted with recurrent diarrhoea from intestinal indigestion, and in those cases occasionally met which do not do well on milk, water and sugar mixtures.

Maltose, Dextrin	47%
Wheat Flour	47%
Potassium Carbonate	1%
Moisture	5%

MEDICAL PRACTICE LAWS OF MINNESOTA

Chapter 35, Revised Code of 1905, in effect March 1, 1906. Sections 2295-2300.

Section 2295. BOARD OF MEDICAL EXAMINERS; OFFICERS; RECORDS: The State Board of Medical Examiners shall consist of nine qualified resident physicians, appointed by the governor, each for the term of three years and until his successor qualifies. No member thereof shall serve for more than two successive terms, nor shall any instructor or person financially interested in a medical school be appointed thereto; and it shall at all times include three homeopathic physicians. Vacancies shall be filled by like appointment for the unexpired term. The board shall elect from among their number a president, a secretary and a treasurer, and shall adopt a seal. It shall hold examinations at the seat of government on the first Tuesday in January, April, June, and October of each year, and at such other times as it shall deem best. The secretary shall keep a record of all its proceedings, including a register of all applicants for license, giving their ages, description of their education in medicine, and the result of their examination. Said books and register shall be prima facie evidence of all the matters therein recorded.

Sec. 2296. EXAMINATION AND LICENSE: A person not already authorized to practice medicine in the state, and desiring so to do, shall apply to the secretary of the board of examination, and pay a fee of ten dollars ($10) for the use of the board, which in no case shall be refunded. At a time appointed, or at the next regular examination, he shall prove that he has completed four entire sessions of twenty-six weeks each at a medical school recognized by the board, no two sessions having been held in one year, or, if such attendance was prior to the year 1899, three sessions shall suffice. He shall be examined in anatomy, chemistry, histology, obstetrics, pathology, physiology, preventive medicine, the diagnosis and treatment of medical and surgical diseases, and such other branches as the board shall deem advisable. After such examination the board, if seven members thereof consent, shall grant him a license to practice medicine. The examination shall be both scientific and practical, and shall thoroughly test the fitness of the candidate. All answers concerning the treatment peculiar to any school of medicine shall be examined, and their sufficiency passed on, by the members of the board belonging to that school, and their recommendations therein shall be final. The board may refuse to grant a license to, or may revoke the license of, any person guilty of immoral, dishonorable or unprofessional conduct, but subject to right of applicant to appeal to the district court.

Sec. 2298. RECORD OF LICENSES; REPORT TO SECRETARY: Before engaging in practice, the holder of a license shall file the same for record with the clerk of the district court in the county where he resides. Upon removal to another county he shall there file his license in like manner before engaging in practice therein. Such clerk shall keep, in the record book of such licenses an index thereof, showing the date and page of record, and in January of each year shall furnish to the secretary of the board a list of the licenses so filed. Upon notice to the clerk of the death or removal of a licensee, or of the revocation of a license, he shall note the same on the record of such license.

Sec. 2299. EXEMPTIONS: This subdivision shall not apply to commissioned surgeons of the United States Army or Navy, to physicians from other states in actual consultation here, or to students practicing under the direct supervision of a preceptor while they are enrolled in and regularly attending a recognized medical school.

Sec. 2300. PRACTICING WITHOUT LICENSE; PENALTY: Every person not heretofore authorized by law so to do who shall practice medicine in the state without having obtained the license herein provided for, and every person who shall so practice contrary to any provision of this subdivision, shall be guilty of a misdemeanor, the minimum punishment whereof shall be a fine of fifty dollars ($50) or imprisonment for ten (10) days. Any person shall be regarded as practicing within the meaning of this subdivision who shall append the letters M.D. or M.B. to his name, or for a fee prescribe, direct or recommend for the use of any person, any drug or medicine or other agency for the treatment or relief of any wound, fracture or bodily injury, infirmity or disease; provided the section shall not apply to dentists.

MEDICAL RECIPROCITY ACT

Chapter 236. Laws 1905.

An Act

Authorizing Physicians from Other States to Practice Medicine in Minnesota.

Be it enacted by the legislature of the state of Minnesota:

Section 1. That the State Medical Examining Board, either with or without examination, may grant a license to any physician licensed to practice by a similar board of another state, and who holds a certificate of registration showing that an examination has been made by the proper board of any state on which an average grade of not less than 75 per cent. was awarded the holder thereof, the said applicant and holder of such certificate having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in this state, which said diploma may be accepted in lieu of an examination as evidence of qualification. In case the scope of said examination was less than that prescribed by this state the applicant may be required to submit to an examination in such subjects as have been covered. The fee for such examination shall be fifty dollars ($50).

A certificate of registration or license issued by the proper board of any state may be accepted as evidence of qualification for registration in this state; provided, the holder thereof was at the time of such registration the legal possessor of a diploma issued by a medical college in good standing in this state and that the date thereof was prior to the legal requirements of the examination test in this state.

Said board may also, either with or without examination grant a license to any physician who has satisfactorily passed the examinations given by the national board of medical examiners; provided further, that any physician licensed in any state who is a graduate of a recognized medical college, and who shall have served in overseas service in the army or navy of the United States for a period of not less than six months, and upon payment of a fee of twenty-five dollars ($25) and upon a proper showing of such service and license by said applicant, shall be licensed to practice as a physician and surgeon in this state without further examination and provided further, that such application for such license shall be made within one year from the taking effect of this act.

Sec. 2. If by the laws of any state or the rulings or decisions of the appropriate officers or boards thereof, any burden, obligation, requirement, disqualification or disability is put upon physicians registered in this state or holding diplomas from medical colleges in this state which are in good standing therein, affecting the right of said physicians to be registered or admitted to practice in said state, then the same or like burdens, obligations, requirements, disqualifications or disability shall be put upon the registration in this state of physicians registered in said state or holding diplomas from medical colleges situated therein.

Sec. 3. All acts and parts of acts inconsistent with this Act are hereby repealed.

Sec. 4. This Act shall take effect and be in force from and after its passage.

Approved April 15, 1919.

STATE DEPARTMENT OF HEALTH

Egil Boeckmann, President, St. Paul; C. L. Scofield, Benson; Neill M. Watson, Red Lake Falls; R. C. Hunt, Fairmont; Mr. F. W. Cappelen, Minneapolis; O. W. Holcomb, St. Paul; Mr. L. P. Wolff, St. Paul; S. Marx White, Minneapolis; A. E. Hedback, Minneapolis.

MEDICAL PRACTICE LAW OF MISSISSIPPI

THE LAW

Regulating the Practice of Medicine in the State of Mississippi. Chapter 110, Annotated Code, 1906, as amended and approved March 26, 1918.

3618. (3243.) LICENSE; VIOLATION; Every person who desires to practice medicine must first obtain a license to do so from the State Board of Health; but this section shall not apply to physicians now holding permanent license, the same having been recorded as required by law. (For penalty see Section 1334: If any person shall practice as a physician or surgeon without having first been examined and obtained a license as required by law, he shall, on conviction, be fined not less than twenty dollars ($20) nor more than two hundred dollars ($200), or be imprisoned in the county jail not exceeding thirty (30) days.)

3682. (3244.) EXAMINATIONS; SUBJECTS: Every person who desires to obtain a license to practice medicine must apply therefor, in writing, to the State Board of Health, at least ten days before the date of examination, and must be examined by said board touching his learning on the following branches of medicine only, viz: Anatomy, chemistry, obstetrics and gynecology, materia medica and pharmacology, physiology, pathology, surgery and hygiene, physical diagnosis, histology and bacteriology, theory and practice of medicine, diseases of the eye, ear, nose and throat, and if the applicant be found by the board, on examination, to possess sufficient learning in said branches and to be of good moral character, the board shall at once issue to him a license to practice medicine, which shall be signed by all of the members of the board present at said meeting; provided, that no applicant shall be granted a license unless said applicant shall hold a diploma from a reputable medical college that requires a four-years' course of at least thirty-two weeks for each session. However, it is further provided that said applicant may after completing two years of his medical course, apply to the board and obtain permission to take examination on six of the prescribed subjects, which examination, if successfully passed, shall entitle such applicant to credit on his final examination after finishing his four years' course and obviate the necessity of his taking a further examination of such subjects as a condition to his obtaining a license to practice medicine.

3683. (3245.) APPLICATION: The application for license must state: (1) The applicant's name in full; (2) his place of residence and postoffice address; (3) his nativity and age; (4) the time spent by him in medical studies; (5) the name and postoffice address of the preceptor under whom medical studies were pursued; (6) courses of medical lectures attended; (7) name of medical school attended; (8) if a graduate of a medical college, name thereof; (9) time spent in a hospital; (10) time spent in the practice of medicine, if any; (11) school or system of practice chosen, and (12) references as to his personal character.

3684. (3246.) EXAMINATIONS: The State Board of Health shall meet at the capitol once in each year, unless other meetings shall be specially called at such times as may be designated by the board, for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations are approved or disapproved. All examinations as to applicant's learning shall be upon written questions and answers, and distinction shall not be made between applicants because of the different system or schools of practice that may be chosen.

3685. (3247.) FEES: Every person who shall apply for license to practice medicine shall, before he will be entitled to be examined, pay a fee of ten dollars twenty-five cents ($10.25), of which ten dollars ($10) is to be divided equally between those members of the board who attend and conduct the examination of the applicant, and 25 cents to be paid to the secretary of the board for filing and preserving the application for license.

3686. (3248.) FORM OF LICENSE: A license to practice medicine may be of such form as the State Board of Health may prescribe, but it shall contain a statement showing the place of residence, postoffice address and qualifications of the applicant, both as to learning and moral character.

3687. (3249.) FILING OF LICENSE: Every person who receives a license to practice medicine must file it in the office of the clerk of the circuit court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. When the license is filed the clerk shall record the same, with his certificate of the filing thereto attached, in a suitable book to be kept in his office for that purpose; upon the payment by the licensee of the fee provided by law, and, when recorded, he shall deliver the original, on demand, to the licensee. Whenever the licensee shall change the county of his residence and of usual practice he must, under like penalty, file the original or a certified copy of the license, or of the record thereof, in the office of said clerk in the county into which he shall move and practice, within sixty days of the time of such removal, to be there recorded in like manner and under like penalty.

3688. (3250.) LOSS OR NON-RECORDANCE OF LICENSE: If a license to practice medicine be issued and be lost, or if the holder of a license fail to have the same recorded within sixty days as required by law, the State Board of Health may in its discretion, issue a new license.

3689. (3251.) TEMPORARY LICENSE: The secretary of the State Board of Health may issue under his signature a temporary license to any one to practice medicine, which shall be valid until the next succeeding meeting of the board for examining applicants, and such license shall show the date of its issuance, otherwise it shall be void. Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The secretary shall be entitled to 25 cents for such a license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure.

3690. (3253.) MIDWIVES: Females engaged in the practice of midwifery are not prohibited from such practice, but are entitled to engage therein without a license.

3691. PRACTICE OF MEDICINE DEFINED: The practice of medicine shall mean to suggest, recommend, prescribe, or direct for the use of any person, any drug, medicine, appliance or other agency, whether material, or not material, for the cure, relief, or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound or fracture or other bodily injury or deformity, or the practice of obstetrics or midwifery, after having received, or with the intent of receiving therefor, either directly or indirectly, any bonus, gift, profit or compensation; provided, that nothing in this section shall apply to females engaged solely in the practice of midwifery.

3692. (3254.) INTERSTATE REGULATIONS: Licensed physicians who reside without this state and whose practice of medicine extends into it may obtain license to practice medicine in this state without being examined as to their learning by presenting a written application for license, in the form prescribed, to the State Board of Health, whereupon the secretary of the board shall issue to the applicant a license in the name of the board, for which the secretary shall be entitled to receive a fee of 25 cents, and the license shall be recorded as hereinbefore provided in each county in which the licensee shall practice, with like penalty for a failure to record as in case of a resident physician. The non-resident physician not holding license from the state shall not be permitted to practice medicine under any circumstances after remaining in the state five days, except when called in consultation by a licensed physician residing in this state.

3693. RECIPROCITY; LICENSE FROM ANOTHER STATE RECOGNIZED: The Board of Health may grant license to practice medicine without examination as to learning to graduates in medicine who hold license to practice medicine from another state, provided the requirements in such state are equal to those required by the State Board of Health of this state.

3694. (3255.) STATIONERY SUPPLIES: The Board of Public Contracts shall furnish to the State Board of Health such books, blanks and stationery as may be needed by it in carrying out the provisions of this chapter; and, at the request of the State Board of Health, shall deliver to the secretary of state such record books as the clerk of the circuit court may need, in which to record licenses to practice medicine, to be by him promptly and safely transmitted at the cost of the state to such of said clerks as the Board of Health may designate.

3695. COMMUNICATIONS PRIVILEGED: All communications made to a physician or surgeon by a patient under his charge or by one seeking professional advice, are hereby declared to be privileged, and such physician or surgeon shall not be required to disclose the same in any legal proceeding except at the instance of the patient.

3696. OSTEOPATHS: Any person desiring to practice osteopathy in this state must first obtain a license from the State Board of Health by passing a satisfactory examination on anatomy, physiology and hygiene only; provided, that graduates of a reputable college of osteopathy now engaged in that practice in this state shall not be examined as to learning, but they shall make satisfactory proof of such graduation and of good character and pay a fee of 25 cents. License to practice osteopathy must be recorded as required by law for license to practice medicine with like penalty on failure to so record.

STATE BOARD OF HEALTH

J. H. McNeill, President, Olive Branch; C. D. Mitchell, Jackson; T. F. Elkin, Tupelo; L. L. McDougal, Booneville; David Walley, Richton; I. L. Parsons, Brookhaven; W. W. Hall, Gunnison; W. H. Watson, Brandon; H. F. Garrison, Clinton; B. L. Crawford, Tylertown; J. H. Windham, Pontotoc; T. W. Reagan, Union.

W. S. Leathers, Executive Officer and Secretary, Jackson.

Divisions:

Hygienic Laboratory—C. R. Stingily, Jackson, Director.

Vital Statistics—R. W. Hall, Clinton, Director.

MEDICAL PRACTICE LAWS OF MISSOURI

CHAPTER 53, R. S. 1909

ARTICLE I

Section 6651. BOARD, HOW APPOINTED: The governor, by and with the advice and consent of the senate, shall appoint seven persons, who shall constitute a board, which shall be styled the State Board of Health of Missouri. The members so appointed shall hold their office for a term of four years. All vacancies occurring in the board shall be filled by the governor of the state, and when made when the senate is not in session, will be subject to confirmation at the next ensuing session of the senate. (R. S. 1899, Section 7518).

Sec. 6652. QUALIFICATIONS: At least five of said board shall be physicians in good standing, and of recognized professional and scientific knowledge, and graduates of reputable medical schools, and they shall have been residents of the state for at least five years next preceding their appointment: Provided, that in the appointments made there shall be no discrimination made against the different systems of medicines that are recognized as reputable by the laws of this state, (R. S. 1899, Section 7519.)

Sec. 6653. ITS POWERS AND DUTIES: The State Board of Health shall have general supervision over the health and sanitary interests of the citizens of the state. It shall be their duty to recommend to the general assembly of the state such laws as they may deem necessary to improve and advance the sanitary condition of the state, to recommend to the municipal authorities of any city, or to the county court of any county, the adoption of any rules that they may deem wise or expedient for the protection and preservation of the health of the citizens thereof. (R. S. 1899, Section 7520.)

Sec. 6654. MAY QUARANTINE, WHEN: Whenever the State Board of Health shall be satisfied that any malignant, contagious or infectious disease exists in any city, district or part of the country to such an extent as to endanger the lives of the inhabitants of any part of the state of Missouri having direct communication with such infected city, district, or part of the country, said board shall have power by a majority vote to establish quarantine regulations against such infected city or district, and may determine and regulate to what extent and by whom any communication or business transaction with such infected city or district may be had, and establish such rules and regulations as may be deemed necessary to prevent the introduction and spread of such disease; and said board is hereby empowered to call upon any executive office of the state to enforce such rules and regulations, and it shall be the duty of all public officers, sheriffs and constables and other executive officers of the state to assist the State Board of Health to carry out the provisions of this article. (R. S. 1899, Section 7521.)

Sec. 6655. EPIDEMICS, NOTICE TO BE GIVEN: Whenever the State Board of Health shall declare than any malignant, infectious or contagious disease is epidemic in any portion of the country or the state of Missouri, they shall immediately, or as soon thereafter as possible, give notice to that effect to the citizens of the state, and also give public notice of the rules and regulations adopted by them for the enforcement of quarantine in infected and other districts, and take such steps and adopt such measures as they may deem necessary to prevent the introduction of such disease. (R. S. 1899, Section 7522.)

Sec. 6656. PENALTY FOR NONCOMPLIANCE WITH QUARANTINE REGULATIONS: Any person or persons failing, after notice, or refusing to comply with the quarantine rules and regulations of the state of Missouri, as established by the State Board of Health, or any person or persons resisting by force the enforcement of the quarantine regulations of the state of Missouri, established and approved as aforesaid, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than ten dollars ($10) nor more than five hundred dollars($500) for each offense. (R. S. 1899, Section 7523.)

Sec. 6657. MEETINGS OF BOARD: The meetings of the board shall be in January and July of each year, and at such other times as the board shall deem expedient. The meeting in January of each year shall be held in the city of Jefferson, and four members shall constitute a quorum. They shall choose from their number a president, vice-president and a secretary, and they may adopt rules and by-laws for their government, subject to the provisions of this article. (R. S. 1899, Section 7524.)

Sec. 6658. DUTIES OF SECRETARY—COMPENSATION OF BOARD: The secretary shall perform such duties as may be prescribed by the board and this article; he shall receive a salary, which shall be fixed by the board; he shall also receive his traveling and other expenses in the performance of his official duties. The other members of the board shall receive no compensation for their services, but their traveling and other expenses while employed on the business of the board shall be paid. The president of the board shall certify the amount to the secretary, and the traveling and other expenses of members, and on presentation of his certificate the auditor of the state shall draw his warant on the state treasurer for the amount, (R. S. 1899, Section 7525.)

Sec. 6659. BOARD TO TAKE COGNIZANCE OF DISEASES AMONG DOMESTIC ANIMALS: The said Board of Health shall take cognizance of any fatal disease which may be prevalent among the domestic animals of this state, and ascertain the nature and causes of such disease, and shall, from time to time, publish the result of their investigations, with suggestions for the proper treatment of such animals as may be affected, and the remedy or remedies therefor. (R. S. 1899, Section 7526.)

Sec. 6660. BOARD TO ORGANIZE, ETC.: The State Board of Health shall organize within thirty days after the appointment of the members thereof. The president of the board shall have authority to administer oaths, and the board to take testimony in all matters relating to their duties and powers. In selecting places to hold their meetings they shall, as far as is reasonable, accommodate the different sections of the state, and due notice shall be published of their stated meetings. All certificates issued by them shall be signed by at least five members of the board. (R. S. 1899, Section 7527.)

Sec 6661. ANNUAL REPORT; CONTENTS: It shall be the duty of the Board of Health to make an annual report, through its secretary, or otherwise, in writing, to the governor of this state, on or before the first day of January of each year, and such report shall include so much of the proceedings of the board, and such information concerning vital and mortuary statistics, such knowledge respecting diseases, and such instructions on the subject of hygiene, as may be thought useful by the board for dissemination among the people, with such suggestions as to legislative action as it may deem necessary. (R. S. 1899, Section 7528.)

Sec. 6662. RULES OF BOARD NOT BINDING, When: No rule or regulation adopted by this board shall be legal or binding which shall conflict with any law of the state, or any ordinance of any municipality or town in the state. (R. S. 1899, Section 7529.)

Sec. 6663. COUNTY BOARDS OF HEALTH: For the purpose of further carrying out the provisions of this article, there is hereby created a county board of health, to be composed of the judges of the county court of each county, and a reputable physician to be appointed by them. Said county board of health shall have the same powers and authority as are given to the State Board of Health by Sections 6654, 6655 and 6656 of this article within their respective counties outside of incorporated cities and towns respecting quarantine regulations and the prevention and spreading of malignant, contagious and infectious diseases therein; the judges of the county court shall draw such per diem as is now allowed them by law while holding court while attending the duties required by this article: Provided, that the judges of said court shall not receive any per diem for services rendered on days while the court is in session for the transaction of other business; they may pay the physician appointed a reasonable compensation, as well as all other reasonable expenses incurred thereby, out of the county treasury. Said county board of health shall report their proceedings to the state board, and shall be a subsidiary board to said state board, and shall enforce such regulations as the state board may prescribe: Provided, however, that said county board of health shall have no power to raise a quarantine established by the State Board of Health. (Laws 1901, p. 180.)

CHAPTER 78

Section 8311. PRACTITIONER SHALL BE REGISTERED PHYSICIAN: It shall be unlawful for any person not now a registered physician within the meaning of the law to practice medicine or surgery in any of its departments, or to profess to cure and attempt to treat the sick and others afflicted with bodily or mental infirmities, or engage in the practice of midwifery in the state of Missouri, except as hereinafter provided. (Laws 1901, p. 207.)

Sec. 8312. STATE BOARD OF HEALTH TO HAVE SUPERVISION OF REGISTRATION: The State Board of Health shall have general supervision over the registration of all practitioners of medicine, surgery and midwifery in this state. (Laws 1901, p. 207.)

Sec. 8313. EXAMINATIONS: SUBJECTS TO BE PASSED; GRADE: All persons desiring to practice medicine or surgery in this state, or to treat the sick or afflicted, as provided in Section 8311 of this article, shall appear before the State Board of

Health at such time and place as the board may direct, and shall there be examined as to their fitness to engage in such practice. All persons appearing for examination shall make application, in writing, to the secretary of said board thirty days before the meeting. They shall furnish satisfactory evidence of their preliminary qualifications, to wit: A certificate of graduation from an accredited high school or state normal school, college, university or academy, a certificate from the county school commissioner, certifying that they have satisfactorily passed an examination equivalent to a grade from an accredited high school or state normal school, college, university or academy.

They shall also furnish satisfactory evidence of having received a diploma from some reputable medical college for four years' requirements at the time of graduation: Provided, that the time of graduation has been since March 12, 1901, and two years' requirements if the date of graduation is prior to March 12, 1901, and shall also furnish evidence of good moral character. The medical examination may be made in whole or in part in writing, and shall be of elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner, and shall embrace the subjects of anatomy, chemistry, physiology, therapeutics, obstetrics, gynecology, surgery, practice of medicine, bacteriology, medical jurisprudence and hygiene, and such other branches as the state board may direct: Provided, that each applicant for license shall have two hours, if necessary, during which to answer on each branch examined upon. The candidate shall be required to answer 75 per cent. of such questions as are asked him before being granted a certificate: Provided, however, that the examination of any applicant in therapeutics shall be conducted by the member or members of said board who represent the system of medicine of which such applicant has been a student.

If there shall be no representative of the school or system of which the applicant has been a student, the examination in therapeutics shall be conducted by an examiner appointed for that purpose by the governor of Missouri, but all examinations other than that in therapeutics shall be conducted as heretofore provided in this article. The Board of Health shall issue to such persons as they shall find upon examination to possess the requisite qualifications a license to practice medicine and surgery in accordance with the provisions of this article, and the State Board of Health shall not be permitted to favor any particular school or system of medicine, but all applicants shall be subjected to the same examination, and the same degree of proficiency shall be required of all. The board shall examine persons applying for a license, although such persons cannot speak the English language, the applicant in all such cases to pay the expenses of an interpreter satisfactory to the board. (Laws 1901, p. 207; amended Laws 1907, p. 359.)

LICENSE ON RECIPROCITY, Act of 1905, p. 213:

"And it is further provided, that the said State Board of Health may, at their discretion, admit, without examination, legally qualified practitioners of medicine who hold certificates to practice medicine in any state or territory in the United States or the District of Columbia, with equal requirements to the state of Missouri and that extend like privileges to legally qualified practitioners from this state, upon the applicant paying a fee of twenty-five dollars ($25)."

Sec. 8314. LICENSE TO BE RECORDED WITH COUNTY CLERK; RECORDING FEE; NONCOMPLIANCE A MISDEMEANOR; PENALTY: Every person holding a license from the State Board of Health shall have it recorded in the office of the county clerk of the county in which he resides, and the records shall be endorsed thereon. And the clerk is authorized to charge a fee of one dollar ($1) for recording each license, to be paid by the person offering such license for record. Any person removing to another county to practice medicine or surgery shall have his license recorded in the county to which he removes, and the holder of said license shall pay said clerk of said county the usual fee for making the record. The county clerk shall keep, in a book provided for that purpose, a complete list of the licenses recorded by him, with the date of issue. Any person neglecting to record his license as in this section provided before entering upon the practice shall be guilty of a misdemeanor, and, on conviction thereof, shall be fined not less than fifty dollars ($50), and on failure to record said license for thirty days after such conviction, such person shall be liable to a fine of not less than one hundred dollors ($100). (Laws 1901, p. 207; amended Laws 1909, p. 664.)

Sec. 8315. PRACTICE OF MEDICINE AND TREATMENT OF SICK, ETC., WITHOUT LICENSE PROHIBITED; PENALTY: Any person practicing medicine or surgery in this state, and any person attempting to treat the sick or others afflicted with bodily or mental infirmities, and any person representing or advertising himself by any means or through any medium whatsoever, or in any manner whatsoever, so as to indicate that he is athorized to or does practice medicine or surgery in this state, or that he is authorized to or does treat the sick or others afflicted with bodily or mental infirmities, without a license from the State Board of Health, as provided in this article, or after the revocation of such license by the State Board of Health, as provided in this article, shall be deemed guilty of a misdemeanor, and punished by a fine of not less than fifty dollars ($50) nor more than five hundred dollars ($500), or by imprisonment in the county jail for a period of not less than thirty (30) days or more than one (1) year, or by both such fine and imprisonment for each and every offense; and treating each patient shall be regarded as a separate offense. Any person filing, or attempting to file, as his own a license of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such fine and imprisonment as are made and provided by statutes of this state for the crime of forgery in the second degree. Said fines to be turned into the state treasury when collected: Provided, that physicians registered on or prior to March 12, 1901, shall be regarded for every purpose herein as licentiates and registered physicians under the provisions of this article. (Laws 1901, p. 207; amended Laws 1907, p. 358.)

Sec. 8316: FEES; DISPOSITION OF SAME: In order to provide the means to carry out and maintain the provisions of this article, the said board shall charge each person applying to and appearing before it for examination for a license to practice medicine and surgery a fee of fifteen dollars ($15), and should such examination prove unsatisfactory and the state board refuse to issue a license thereon, the applicant failing to pass such examination may return at any meeting within the next twelve months thereafter and be examined without extra charge, but no temporary license shall be issued to such person. All fees so received from applicants for license shall be paid into the state treasury and shall be held by the state treasurer as a separate fund to be disbursed only in payment of expenses of maintaining said board of health, and said fund is hereby appropriated for said purpose, and no other money shall be paid out of the state treasury for the provisions of this article. The state auditor shall issue his warrant on the state treasurer for payment out of said fund on the certificate of the president and secretary of the State Board of Health. (Laws 1901, p. 207.)

Sec. 8317. AUTHORITY OF STATE BOARD TO REFUSE OR REVOKE LICENSES TO PRACTICE MEDICINE: The board may refuse to license individuals of bad moral character, or persons guilty of unprofessional or dishonorable conduct, and they may revoke licenses, or other rights to practice, however derived, for like causes, and in cases where the license has been granted upon false and fraudulent statements, after giving the accused an opportunity to be heard in his defense before the board as hereinafter provided. Habitual drunkenness, drug habit or excessive use of narcotics, or producing criminal abortion, or soliciting patronage by agents, shall be deemed unprofessional and dishonorable conduct within the meaning of this section. At least twenty days prior to the date set for any such hearing before the board for the revocation of such license, the secretary of the board shall cause written notice to be personally served upon the defendant in the manner prescribed for the serving of original writs in civil action. Said notice shall contain an exact statement of the charges and the date and place set for the hearing before the board. If the party thus notified fails to appear, either in person or by counsel, at the time and place designated in said notice, the board shall, after receiving satisfactory evidence of the truth of the charges and the proper issuance and service of notice, revoke said license. If the licentiate appear either in person or by counsel, the board shall proceed with the hearing as herein provided. The board may receive and consider depositions and oral statements, and shall cause stenographic reports of the oral testimony to be taken and transcribed, which, together with all other papers pertaining thereto, shall be preserved for two years. If a majority of the board are satisfied that the licentiate is guilty of any of the offenses charged, the license shall be revoked for such period of time as may be agreed upon. Any person whose license has been or shall be revoked by the board shall have the right to have the proceedings of said board revoking his license and all the evidence therein reviewed, on a writ of certiorari, by the circuit court of the county in which said board held its session when said license was revoked. Said writ shall issue upon the petition of the person whose license shall have been revoked to said court or to the clerk thereof in vacation at any time within ninety days after such revocation, and shall command the said board and the secretary thereof to certify to said court the record and proceedings of said board, and a complete transcript thereof, and of all the evidence therein pertaining to the revocation of said license. The petitioner for the writ of certiorari shall set forth the rights of the petitioner and the injuries complained of by him and shall be verified by him. If the proceedings of the board shall be sustained or upheld by the circuit court, its orders, decisions or judgments revoking said license shall remain and continue in full force and effect. And any such license so revoked by the board shall, pending said review on certiorari, stand revoked and so remain until the proceedings of the board relating thereto shall be quashed or otherwise annulled by the circuit court on said writ of certiorari. Testimony may be taken by deposition to be used in evidence on the trial of such charges before the board in the same manner and under the same rules and practice as is now provided for the taking of depositions in civil cases. (Laws 1901, p. 207; amended Laws 1907, p. 359; Laws 1909, p. 667.)

Sec. 8318. HEALTH COMMISSIONER OF ST. LOUIS; DUTIES: Whenever in this article it is provided that any duty or service shall be performed by any county clerk, such duty or service in the city of St. Louis shall be performed by the health commissioner, as if said officer was specially named to perform these duties and services, and said officer shall receive the same compensation therefor as this article provides shall be paid to the county clerk: Provided further, that whenever in this article the word county is used it shall include the city of St. Louis the same as if said city were specially named. (Laws 1901, p. 207.)

Sec. 8319. ACT NOT TO APPLY TO UNITED STATES SURGEONS NOR TO GRATUITOUS SERVICE: It is not intended by this article to prohibit gratuitous service to and treatment of the afflicted, and this article shall not apply to commissioned surgeons of the United States Army, Navy or Public Health and Marine Hospital Service. (Laws 1901, p. 207; amended Laws 1903, p. 240; Laws 1907, p. 359.)

ARTICLE II

Sec. 8320. MIDWIFERY LICENSE; PENALTY: It shall be unlawful for any person to practice midwifery in this state before receiving a license to do so. Every person desiring to practice midwifery as a profession shall make application to the State Board of Health for examination and pay a fee of five dollars ($5). And upon passing an examination satisfactory to said board upon the subject of obstetrics, shall receive a license to practice as above provided. It shall be unlawful for any person licensed as a midwife only to engage in any other branch of medical practice or to advertise herself as doctor, doctress or physician, or to use any letters before or after her name on a sign or otherwise indicating that she is authorized to or does engage in any other branch of medical practice. And any person practicing midwifery as a profession or advertising herself as a midwife, without first obtaining a license as aforesaid, and any licensed midwife who shall do any acts in this section prohibited, shall be deemed guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than ten dollars ($10) nor more than fifty dollars ($50), or by imprisonment in the county jail not more than two (2) months nor less than ten (10) days. Acting in each case shall be deemed a separate offense. Nothing in this section shall be so construed as to require women practicing midwifery to obtain a license when said women do not practice midwifery as a profession, and do not make any charge for their services. (Laws 1901, p. 207.)

Approved March 12, 1901. Amended and approved April, 1907.

STATE BOARD OF HEALTH OF MISSOURI

W. A. Clark, President, Jefferson City; W. J. Ferguson, Sedalia; T. H. Wilcoxen, Bowling Green; T. A. Son, Bonne Terre; Emmett P. North, St. Louis; T. W. Cotton, Van Buren.

George H. Jones, Secretary and Commissioner of Health, Jefferson City.

MEDICAL PRACTICE LAW OF MONTANA

Article XVI, Political Code of Montana

Sec. 1585. BOARD OF EXAMINERS; APPOINTMENT; TERMS: The governor, with the advice and consent of the senate, shall appoint seven learned, skilled and capable physicians, who shall have been residents of the state of Montana for not less than two years preceding their appointment, not more than two of whom shall be from the same county, and who have attended three courses of lectures, and who are graduates of accredited colleges of medicine, who shall constitute the Board of Examiners for the purpose of this Act. The physicians so appointed shall hold their respective offices for seven years; provided, that the term of office of those constituting the present board shall not be affected by the provisions of this Act; and the terms of their successors shall be so arranged as to succeed the present incumbents as their terms expire; and provided, also, that all vacancies occurring shall be likewise filled by appointment by the governor by the advice and consent of the senate. Appointments made when the senate is not in session shall take effect immediately, and may be confirmed at the next ensuing session.

Sec. 1586. ORGANIZATION; QUORUM; MEETINGS; RECORDS: The Board of Medical Examiners must, on the first Tuesday of April of each year, elect from among their number a president, secretary and treasurer, and must have a seal. Four members of said board shall constitute a quorum. The president and secretary have the power to administer oaths in examination of applicants for certificates, and witnesses called before the board in the transaction of business under the provisions of this Act. The Board of Examiners must hold meetings for examinations at the seat of government on the first Tuesdays of April and October of each year, and at such other times and at the same and other places as the board may determine. The board must keep a record of all proceedings thereof, and also a register of all applicants for a certificate, with the age of the applicant, time spent in the study of medicine, and the name and location of all institutions granting to such applicant degrees or certificates of lectures attended in medicine or surgery. The register must also show whether such applicant was rejected, or has received a certificate under this Act; such register is prima facie evidence of all matters therein kept.

Sec. 1587. CERTIFICATE; EXAMINATION, SUBJECTS; FEES; TEMPORARY CERTIFICATES: Every person hereafter wishing to practice medicine or surgery in any of the departments of this state shall apply to said board for a certificate to do so. Every person applying shall present his or her diploma to the said Board of Examiners for verification as to its genuineness; if the diploma is found to be genuine, and is issued by a medical school legally organized and in good standing, whose teachers are graduates of a legally organized school, which facts said Board of Examiners shall determine, and if the person presentng and claiming said diploma shall be the person to whom the same was originally granted, at a time or place designated by said board, or at a regular meeting of said board, said applicant shall submit to an examination in the following branches, to wit: Anatomy, physiology, materia medica, therapeutics, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, and present evidences of having attended four courses of lectures of at least six months each, but such evidence of having attended four courses of lectures shall not be required of applicants graduating prior to July 1, 1898; said board shall cause such examination to be both scientific and practical and of sufficient thoroughness and severity to test the candidates' fitness to practice medicine and surgery; when desired such examination may be conducted in the presence of the dean of any medical school or the president of any medical society of this state. After examination such board, if the candidate has been found qualified, shall grant a certificate to such applicant to practice medicine and surgery in the state of Montana, which said certificate can be granted only by the consent of not less than four members of said board, and which said certificate shall be signed by the president and secretary of said board and attested by the seal thereof; provided, however, that in all cases where an applicant for a certificate under this section shall produce and exhibit to the said Board of Examiners a certificate from a board of medical examiners, duly appointed and existing under the laws of any state in the United States, and recognizing certificates or licenses from this state certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state issuing said certificate, and that said board issuing said certificate has subjected the applicant to a thorough examination to ascertain this fact, or certifying to the fact that the person presenting such certificate is duly and well qualified to practice medicine and surgery in the state issuing said certificate, and to the further fact, if such is the case, that such applicant was exempt from examination under the laws of said state by reason of his residence in said state in the active practice of medicine nad surgery at the time of the passage in said state of said law requiring the examination of applicants to practice medicine and surgery, he or she may, at the discretion of said Board of Examiners, on paying the fee required of applicants for examination under the provisions of Section 607 of this article, and otherwise complying with all the requirements of this article, receive from said Board of Examiners a certificate to practice medicine and surgery within this state, and on filing said certificate with the county clerk of the county in which he resides, as is provided in Section 604 of this article, he shall be a legally qualified practitioner of medicine and surgery in this state; provided, also, that during the period intervening between the sessions of said Board of Examiners any person desiring to practice medicine and surgery within this state may present his or her diploma to the president or secretary of said board, who may issue a certificate good until the next regular meeting of said board; and provided, further, that all physicians and surgeons who hold certificates granted by the now existing Board of Medical Examiners, or who are now legally entitled to practice medicine and surgery in this state, shall be exempt from the provisions of this section.

Sec. 1588. EXAMINATION OF APPLICANTS FOR CERTIFICATES; REVOCATION OF CERTIFICATES; APPEALS FROM DECISION OF BOARD: No person not heretofore licensed to do so shall be permitted to practice medicine in the state of Montana unless he shall have first been subjected to a thorough examination as to his qualifications, learning and professional skill by the State Board of Medical Examiners, nor until he has been issued a certificate by such board after such examination admitting him to practice as a physician and surgeon in the state of Montana. The board may refuse to grant a certificate for unprofessional, dishonorable or immoral conduct. Before a certificate can be refused for such cause the board must serve in writing on the applicant a copy of any charge or charges against him and appoint a day for hearing, at which the applicant or any witness in his behalf may appear and give testimony in refutation of such charges. In case the board, after such hearing, refuse a certificate to such applicant, the decision specifically stating the ground on which such refusal was made must be reduced to writing and a copy thereof delivered to the applicant, on demand of the applicant. On a like hearing the board may refuse a certificate to any one who may publicly profess to cure or treat disease, injury or deformity in such a manner as to deceive the public. The hearing provided for herein must take place within twenty days after the service of the copy of the charges on the applicant, unless delayed by, or further time is granted to the applicant, and the decision of the board must not be later than ten days after the day of hearing. If the decision is not rendered within the said period of ten days the applicant is not subject to any penalties for practicing without a certificate during the time that elapses before the decision is made.

The board, with the concurrence of four members thereof, may revoke a certificate for unprofessional, dishonorable or immoral conduct. Before such revocation can take place a written complaint, specifically stating the charges against the person whose certificate is sought to be revoked, must be delivered to the board and a copy thereof be served on such person twenty days before the time fixed by the board for the hearing of such charges. The board must fix the time and place for the hearing, at which the person charged may appear and produce testimony in refutation of such charges. If, after such hearing, the board revoke the certificate of such person, the ground on which such revocation is made must be specifically stated by the board in writing and a copy thereof delivered, on demand, to the person whose certificate is revoked. In all cases of the refusal or revocation of a certificate to practice medicine by said board, the person aggrieved thereby may appeal from the decision of the board as hereinafter provided.

An appeal may be taken from the action of the State Board of Medical Examiners in refusing to issue a certificate to practice medicine and surgery to any applicant after examination or from the action of said board in revoking the certificate of any physician or surgeon, to the district court of the county in which such revocation or refusal was made. The appeal is taken by serving notice of appeal upon the secretary of the Board of Medical Examiners, and the

attorney-general of the state within thirty days after notice from the Board of Medical Examiners of its decision, and by filing within the same time with the clerk of the proper district court, a verified copy of the decision from which appeal is taken, together with a verified copy of any charge or charges preferred against the applicant and filed with the Board of Medical Examiners. The appellant is required at the time of filing such appeal, to furnish and file with the clerk of the court a good and sufficient bond to be approved by the clerk of the court, with two good and sufficient sureties, in the sum of three hundred dollars ($300), guaranteeing the payment of all costs of the appeal should the case be decided against the appellant, and the costs shall consist of the sheriff's fees for serving jurors, jurors' fees and the fees of the clerk of the court. Such appeal shall thereafter be tried by the district court before a jury of six physicians—not less than two of whom shall be of the same school of medicine as the appellant—and in case such jury cannot be obtained in the county where the case is tried, the judge of such court shall order subpoenas for physicians from any adjoining county or counties, which subpoenas shall be served by the sheriff of such adjoining county upon receipt, after the clerk of the court where the subpoena is issued shall have sent by registered mail, such subpoena to such sheriff. Bias or prejudice or fixed opinion shall constitute a ground of challenge to a juror for cause, and the appellant and the medical board shall each have the right to peremptorily challenge not more than two of such jurors. When the jury shall have been selected and sworn to try the cause, they constitute a higher examining board for the purpose of enquiring into whether or not the judgment of the Board of Medical Examiners should be affirmed or overruled upon the issues presented to such board, and such jury may make such examination of the appellant as they may deem necessary or desirable. It shall take four of the jury to render a verdict, and no member of the medical board is qualified to act as a juror. The attorney-general is hereby made the attorney for said board. Jurymen subpoenaed under this Act shall be entitled to mileage at the rate of 10 cents per mile for each and every mile by them actually traveled in attending upon the court, and of three dollars ($3) per day for their services. (Act approved March 5, 1907.) (10th Sess. Chapter 100.)

Sec. 1589. CERTIFICATE TO BE RECORDED; REPORT CHANGES; PENALTIES: Every person obtaining a certificate from the board must, within sixty days from the date thereof, have the same recorded in the office of the county clerk of the county wherein he resides; if he removes from one county to another to practime medicine or surgery, his certificate must be immediately recorded in the county to which he removes. The county clerk must endorse on the certificate the date of record, and he is entitled to charge and receive his usual fee for such services, the fee to be paid by the applicant. Until the certificate be recorded, as provided by this section, the physician practicing under it is subject to the penalties prescribed in the penal code for practicing without a certificate. (Section 604. Act approved March 13, 1895.)

Sec. 1590. TO WHOM NOT APPLIED: This Act shall not apply to midwives of skill and experience, commissioned surgeons of the United States Army and Navy in the discharge of their official duties, nor to physicians and surgeons in actual consultation from other states and territories.

Sec. 1591. PRACTICING MEDICINE WITHOUT CERTIFICATE; PENALTIES: Any person practicing medicine or surgery within this state without first having obtained a certificate to practice, as provided by law, and after his certificate to practice has been revoked, or contrary to the provisions of this Act, shall for each violation of the provisions of this code, or any act relating to the practice of medicine and surgery in this state, be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than one thousand dollars ($1,000) nor less than two hundred fifty dollars ($250), or by imprisonment in the county jail not exceeding one (1) year, nor less than ninety (90) days, or by both such fine and imprisonment, as the court may determine.

Any person shall be regarded as practicing within the meaning of this Act who shall append or affix the letters M.B. or M.D., or the title of Dr. or Doctor, or any other sign or appellation in a medical sense to his or her name, who shall publicly profess to be a physician or surgeon, who shall publicly profess either on his own behalf, in his own name, in his trade name, or on behalf of any other person, corporation, association, partnership, either as manager, bookkeeper, solicitor or other agent, to cure, treat, relieve or palliate any ailment, disease or infirmity of the mind or body of another by using or prescribing any drug, medicine or surgical treatment, or who shall recomment, prescribe or direct for the use of any person, any drug, medicine, appliance, apparatus, or other agency, whether material or not material, for the cure, relief or palliation of any ailment or diseases of the mind or body, or for the cure or relief of any wound, fracture or bodily injury or other deformity after having received, or with the intent of receiving therefor either directly or indirectly, any bonus, gift, or compensation; provided, however, that nothing in this section shall be construed to restrain or restrict any legally licensed osteopathic practitioner practicing under the laws of this state. Nothing in this Act shall prohibit any legally licensed pharmacist or mercantile dealer from selling any drugs or medicines which are now allowed to be sold under the laws of the state of Montana or the United States. (Act approved March 5, 1907.) (10th Sess. Chap. 101.)

Sec. 1592. FEES: Candidates for examination shall pay in advance to the secretary of the Board of Medical Examiners a fee of twenty-five dollars ($25), which fee shall defray the entire expense of said candidates for examination before the aforesaid Board of Examiners. Any one failing to pass the required examination shall be entitled to a second examination within six months, without fee. And the money so received shall be turned over to the state treasurer, to be by him deposited in the medical board fund, as hereinafter provided.

Sec. 1593. COMPENSATION OF BOARD: ANNUAL REPORT TO GOVERNOR: Each member of the board is allowed the sum of five dollars ($5) per day and mileage while in the active and necessary discharge of his duties. And there is hereby established a fund to be known as the medical board fund. And a sum of one thousand five hundred dollars ($1,500) is hereby annually appropriated out of any money in the state treasury not otherwise appropriated, to meet the expenses incurred in carrying out the provisions of this Act. The state treasurer is hereby directed and required to set such sum apart to the credit of such fund, subject to the orders and disbursements as herein provided for. The moneys in such fund shall only be paid out by warrant on said fund on an order drawn by the secretary of said board, countersigned by the president. The rate of mileage and attendance before said board shall be the same as is now allowed in justice of the peace courts. And the board must report annually on the first Monday in November to the governor, which report must show all the transactions of the board, giving the number of applications received and from whom received, the number of certificates granted and rejected, and the names of those receiving certificates and those rejected, giving the reasons therefor, the amount of money received, the expenses, the fees and mileage paid, and by whom received, and the amount of money remaining in said fund.

STATE BOARD OF HEALTH

D. J. Donohue, President, Butte; L. H. Fligman, Vice President, Helena; E. G. Balsam, Billings; B. L. Pampel, Livingston; E. M. Porter, Great Falls.

FOR KEY TO SPECIALTIES, ABBREVIATIONS, SYMBOLS, ETC., SEE PAGES 6 AND 7; SPECIAL SOCIETIES, SEE PAGE 78

TO APPRECIATE THE VALUE OF THE DIRECTORY, AND THE PRACTICAL INFORMATION IT CONTAINS, STUDY CAREFULLY PAGES 3, 6 and 7.

KEY TO SPECIALTIES AND SPECIAL SOCIETIES

A SYMBOL DESIGNATING SPECIALTY IS ENTERED ON REQUEST WHENEVER THE PHYSICIAN IS A MEMBER (1) OF A CONSTITUENT STATE ASSOCIATION, (2) OF A SPECIAL SOCIETY OF WHICH THE MEMBERSHIP IS LISTED IN THE DIRECTORY, OR (3) IS A TEACHER IN A MEDICAL SCHOOL CLASSED "A" OR "B" IN THE RATING OF THE COUNCIL ON MEDICAL EDUCATION AND HOSPITALS. SPECIALTIES ARE INDICATED AS FOLLOWS:

S—Surgery.
Ob—Obstetrics.
G—Gynecology.
ObG—Obstetrics and Gynecology.
Or—Orthopedic Surgery.
Pr—Proctology.
Oph—Ophthalmology.
LR—Laryngology, Rhinology.
ALR—Otology, Laryngology, Rhinology.
OALR—Ophthalmology, Otology, Laryngology, Rhinology.
U—Urology.
D—Dermatology.
Pd—Pediatrics.
N—Neurology.
P—Psychiatry.
NP—Neurology and Psychiatry.
I★—Internal Medicine.
T—Tuberculosis.
Anes—Anesthesia
CP—Clinical Pathology.
R—Roentgenology.
Path—Pathology.
Bact—Bacteriology.
PH★—Public Health.

WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (★) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WTHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN BUT DOES NOT LIMIT HIS PRACTICE TO, THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ON PERSONAL DATA FURNISHED BY THE PHYSICIAN AND IS NOT VERIFIABLE.

SPECIAL SOCIETIES

The special societies are grouped under headings A, B, C, D, E, F and G, pages 78-127. The membership a physician holds in these societies is indicated as follows: Doe, John; Ill.1,'97; 1'98; A5, F4—43 N State St. The A5, F4 signify that Dr. Doe is a member of the American Surgical Association and the Chicago Pathological Society.

A—Surgery, Gynecology, Obstetrics and Anesthesia—Page 78

1. American Association of Obstetricians and Gynecologists.
2. American Gynecological Society.
3. American Orthopedic Association.

THE RADIUM HOSPITAL of OMAHA

For the treatment of Cancer, Tumor and precancerous conditions. Fifty rooms devoted entirely to Radium Treatment. *One of the largest institutions of its kind in the world.*

D. T. QUIGLEY, M.D., Director

34th and Farnam Streets - - - - - - - - OMAHA, NEB.

Here is a *Medical Journal* which is printed for the *benefit* of its readers, and not for *profit.*

Naturally this publication—

The Nebraska State Medical Journal

has the confidence of its readers. It is full of valuable suggestions as well as timely medical news of the state.

The Nebraska State Medical Journal - - 519 McCague Bldg., OMAHA, NEBR.

EL-AR Supporter for the Relief of Lumbar, Sacro-Iliac Sprain, Luxation, Abdominal Binder for men and women.
The EL-AR is constructed by a technical man who after thirty years of experience in fitting abdominal supporters at last is enabled to supply a long-felt want.
The EL-AR Supporter supports back and front with correct equal pressure. In pregnancy it will be found especially beneficial.
The EL-AR Supporter is light and durable.
No experience needed for fitting.
It is a Supporter without troublesome and uncomfortable up-lift straps.
The Supporter needs only one measurement, namely, around the hips. We do the rest.
The Supporter is returnable, if not satisfactory, or soiled.
Orders will be filled on the same day they are received.

The SOLAR SANITARIUM

Specializing in

HYDRO, ELECTRO and LIGHT THERAPEUTICS

THIS institution has been especially equipped with every form of modern appliance for the scientific treatment of Rheumatism, Neuritis, Sciatica, High Blood pressure, and kindred disorders. The Bath Department is equipped to administer every form of bath. Swedish massage is given by graduate assistants. The Electro-Therapeutic Department, as well as X-Ray Department, is most complete.

THE SOLAR SANITARIUM is not a hospital; only those patients able to be about are treated. Out-of-town patients may find numerous and varied priced hotels within one to three blocks of the Sanitarium.

Physicians desiring to place patients in our care will receive every ethical consideration.

Particulars gladly furnished

MEDICAL PRACTICE LAW OF NEBRASKA

An Act to Establish the State Department of Health, to Provide for Its Powers, Duties, Officers, Assistants and Procedure, and to Repeal Sections 2710, 2711, 2712, 2713, 2714, 2715, 2716, 2739, 2741, 2742, 2850, 2851, 2852, and 2853, Revised Statutes of 1913, and All Acts and Parts of Acts in Conflict Herewith.

Be it enacted by the People of the State of Nebraska:

Section 1. STATE DEPARTMENT OF HEALTH: The State Department of Health shall consist of the governor, attorney general, and superintendent of public instruction. The governor shall be ex officio chairman of said board, and the state superintendent shall be secretary.

Sec. 2. TIMES OF MEETING: Said department shall meet upon the call of the governor as often and at such times as the governor may from time to time designate.

Sec. 3. STATE HEALTH OFFICER: Within thirty days from the time this act shall take effect the State Department of Health shall appoint a state health officer who shall hold office for a period of four years, unless sooner removed for cause. Such officer shall receive a salary of not less than three thousand ($3,000) dollars per year, and shall be the deputy executive officer of the State Department of Health. He shall be a graduate of at least five years standing from a well recognized medical college and registered or eligible to registration in Nebraska. He shall have had experience in public health work and shall receive his appointment from the State Department of Health.

Sec. 4. ADVISORY BOARD: There shall be an advisory board to the State Department of Health, consisting of four members who shall be graduated physicians of at least seven years' consecutive practice; who shall be at the time of their appointment actually engaged in practice in the state of Nebraska; one of whom shall be appointed for the term of one year, one for the term of two years, one for the term of three years, one for the term of four years, and thereafter appointments shall be made for four years as these appointments expire, unless the appointees are sooner removed for cause. Two of the members of this advisory board shall be physicians of the so-called regular school, one of the so-called eclectic school, and one of the so-called homeopathic school. The governor shall appoint each member of the advisory board and shall fill all vacancies on said board.

Sec. 5. DUTIES OF ADVISORY BOARD: The advisory board shall, when called upon by the State Department of Health, give counsel to said state department and meet with said department when so requested.

Sec. 6. DUTIES AND POWERS OF STATE DEPARTMENT OF HEALTH; The State Department of Health shall have power and it shall be its duty, to see that all the provisions of this Act and all other acts relating to the public health and sanitation of the state are strictly enforced, to summon witnesses and take testimony in the same manner as witnesses are summoned and depositions taken under the code of civil procedure, or to delegate the same to the advisory board or other persons at its discretion. The department of health shall have power to grant certificates as provided by law, and to cause to be prosecuted all violations of the health and sanitation laws of the state. The department shall have the right at all times to inspect the equipment and methods of teaching in all medical colleges and medical schools of the state, and shall have the power to refuse examination to the graduates of any school, which on proper notice and hearing, shall be adjudged not a medical college or a medical school in good standing, as defined by law of this state. The department shall have and use a common seal and adopt all necessary rules, regulations, and by-laws not inconsistant with the constitution and laws of this state or of the United States, to enable it to perform its duties and to transact its business. It shall have the power through its deputy officer to perform any and all of its duties and to call to its assistance the advisory board or any other person thought fit; except that the examination for licenses to practice medicine shall be conducted by the advisory board.

Sec. 7. QUORUM: A majority of its members shall constitute a quorum of the Department of Health.

Sec. 8. BUREAUS: There shall be organized under the authority of the State Department of Health a bureau of epidemiology, a bureau of public health engineering and a bureau of vital statistics.

Sec. 9. BUREAU OF EPIDEMIOLOGY: The bureau of epidemiology shall be placed in charge of the chief, who shall be appointed by the State Department of Health. Said chief shall be a graduate physician from a well recognized medical college and shall be registered or eligible to registration in the state of Nebraska and shall have had experience in public health work. He shall hold his position for a period of four years, unless sooner removed for cause, and shall receive a salary of not less than twenty-five hundred ($2,500) dollars per annum.

Sec. 10. BUREAU OF PUBLIC HEALTH: The bureau of public health engineering shall be placed in charge of a chief who shall be appointed in the same manner as the chief of the bureau of epidemiology, shall hold his position for a period of four years unless sooner removed for cause and shall receive a salary of not less than $2,000 per annum.

Sec. 11. BUREAU OF VITAL STATISTICS: The bureau of vital statistics shall be placed in charge of a chief statistician, appointed in the same manner as the chief of the bureau of epidemiology, with the same tenure of office, and shall receive a salary of not less than $1,200 per annum.

Sec. 12. STATE HEALTH INSPECTOR: The powers and duties hitherto belonging to the state health inspector under the law of this state are hereby made the powers and duties of the chief of the bureau of epidemiology. He shall also be responsible for the collection of morbidity reports, and the control of preventable diseases, the work of the diagnostic laboratory and supervision of the activities of local health authorities.

Sec. 13. CHIEF OF BUREAU OF PUBLIC HEALTH ENGINEERING: The chief of the bureau of public health engineering shall be responsible for the activities concerned in the maintenance of the purity of water supplies, the disposal of sewage, garbage and trade wastes, and the laboratory work required in the analysis of water and sewage.

Sec. 14. CHIEF OF BUREAU OF VITAL STATISTICS: The chief of the bureau of vital statistics is made responsible for the collection of birth and death certificates, marriage and divorce reports, and the compilation and tabulation of information relating to the public health.

Sec. 15. LABORATORIES: The State Department of Health shall maintain a laboratory divided into two parts, the diagnostic and the water and sewage laboratories. The former shall be a division of the bureau of epidemiology and the latter a division of the bureau of public health and engineering.
